THE RESOLUTION—

Whereas, the report of the Committee on Test reads:

1287-80-SM: Rosco Laboratories, Port Chester New York filed for approval of Rosco Laboratories Liquid Flame Retardant under the provisions of the Flame-proofing Rules of the Board of the Standards and Appeals.

PROPOSED USE: Flameproofing compound.

DESCRIPTION: The compound is an ammonium sulfamate liquid. It is applied to cotton, paper and cardboard materials by dipping, spraying and roller treatment. Applications require a treatment of from 10% to 20% of the chemical. The compound is diluted with water in ratios between 1:3 and 1:5.

INSPECTION AND TEST: The compound has been tested and approved in accordance with the requirements of the Flameproofing Rules by the Board of Better Fabrics Testing Bureau, Inc. (Report No. 15631).

RECOMMENDATIONS: The Committee on Test recommends the approval of Rosco Laboratories Liquid Flame Retardent for the treatment of cotton, paper and cardboard, under the provisions of the Flameproofing Rules of the Board, on condition that all uses and locations shall comply with the applicable requirements of the Flameproofing Rules.

The descriptive product information about this item, including brochures, catalogues, bulletins, etc., as well as all product labels, packaging and where possible the item itself shall be labeled with the wording, "Approved by the New York City Board of Standards and Appeals under Calendar Number 1287-80-SM".

A sworn affidavit by a responsible officer of the manufacturer familiar with the materials, processes and controls of the product manufactured shall be filed annually with this Board, certifying that materials, processes controls and labeling of materials, literature, catalogues, bulletins, and packaging are being maintained as were in effect at the time of this approval under this Calendar Number. Failure to notify the board of change of ownership, change of corporate name, change of address or to submit the annual affidavit will be cause for revccation of approval.
